Mr. Charles:

Please note that Resolution No. 79-2010 and the discussion regarding executive employment contracts you are directly related to the 2009 (4-Year) executive employment contracts.

“In your previous correspondence, you indicated that 2010 executive employment contracts did not exist, yet resolution 79-2010 references changes to the Comptroller's contract. The board of commissioners also met in the early part of 2010 to discuss employment contracts for Mr. Watson and Mr. Ervin. These three individuals are listed as executives in the PMUA hierarchy. Mr. Perry is also listed in this category.”

Ms. Hamlin,

Thank you for sending some of the records. As of today, November 1, 2010, my request for the following has not yet been provided:

- **Copy of 2009 employee roster or document that contains a list of all employees who were employed by the PMUA in 2009**
- **Copy of 2010 employment contracts for all executive employees**
- **Electronic Copy of Bills Listing in Excel format which were approved at the August, September, and October 2010 public meetings. These can be e-mailed to me at dwheel007@gmail.com PLEASE NOTE THAT MY REQUESTED FORMAT IS IN EXCEL (this is the format Mr. Perry stated the bills listings are created in at the January public meeting). If unavailable from your department in Excel, I will take it in PDF format until the Excel version is made available to me.**

No employee roster was provided. A "2009 employee job titles" was provided but it did not contain a roster of employees who were employed by the PMUA in 2009.

In your previous correspondence, you indicated that 2010 executive employment contracts did not exist, yet resolution 79-2010 references changes to the Comptroller's contract. The board of commissioners also met in the early part of 2010 to discuss employment contracts for Mr. Watson and Mr. Ervin. These three individuals are listed as executives in the PMUA hierarchy. Mr. Perry is also listed in this category.

No bills listings for August, September, or October 2010 were provided as requested.

Please indicate when I can expect to receive the public records that were requested on October 20, 2010. Thank you.

Ms. Hamlin,

Thank you. The previous message did not contain the attachments referenced in the message (2010 Sept. meeting minutes & list of positions). Please e-mail or advise when they will be sent to me.
